

Win Personnel Occupational Health & Safety Policy

Win Personnel believes that all on-hire employees, contractors and visitors have the right to a workplace that is, as far as practicable, safe and without risk to health. All recognise that no task is so important that time cannot be taken to find a safe and healthy way to work.

Win Personnel will ensure OH&S strategies in line with State OH&S legislation and good practice are implemented and maintained and aimed at continuously improving the health and safety of the working environment. Appropriate information and instruction will be provided to enable all personnel to carry out their responsibilities and effectively participate in this.

While managing OH&S is a management responsibility, on-hire employees, contractors, visitors and Host Employers all have a collective role to play in achieving a safe and healthy work environment.

As part of their role in achieving a healthy and safe workplace, on-hire employees and contractors will be provided with a genuine opportunity to participate in discussions on matters with the potential to affect their health and safety.

Everyone at Win Personnel has a personal responsibility to work safely and to ensure that no other person's health or safety is affected by any action they take or fail to take.
